

An Informative Three Day Seminar:

# **MIOsha General Industry 10-Hour +** *(Fundamentals of Safety and Health)*

## **1** *Who Should Attend . . .*

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOsha).

## **2** *MIOsha Training Institute*

MIOsha Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOsha Training Institute (MTI) through a formal alliance. The MIOsha Training Institute introduced a new certification program, effective October 1, 2007. This course is an MTI Level 1 course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses will be offered throughout the state in sponsorship with other M-TEC<sup>SM</sup> facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at [www.michigan.gov/mti](http://www.michigan.gov/mti).

## **3** *What You'll Learn . . .*

Many employers are faced with the need to appoint an employee to oversee their program who may not be fully prepared for the challenge. This course offers the basics of creating a safety and health management system as well as providing an introduction to the MIOsha Act and standards. Topics include inspections and citations, elements of a comprehensive safety and health system, recordkeeping, accident investigations, written programs, introduction to industrial hygiene, respiratory protection, hearing conservation, bloodborne infectious disease (BID), eye wash requirements, hazard recognition, machine guarding, and ergonomics. Students will receive a MIOsha GI 10 Hour + card upon successful completion of the class.

Required Class for  
General Industry  
Level One  
MTI Certification

### **Agenda**

*We offer a flexible  
program agenda  
to emphasize the  
safety and health  
topics you  
want most.*

- |   |   |
|---|---|
| ▶ Accident Investigation                          | ▶ Respiratory Protection                                  |
| ▶ Act 154 Inspections & Citations                 | ▶ Hearing Conservation                                    |

|   | ▶ Required Written Programs                               |

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

# Facilitator

Bob Carrier was appointed to the MIOSHA Consultation Education and Training Division in 1989 as a consultant specializing in general industry standards in the mid-Michigan area. Bob brings with him his previous experience as the Safety Administrator at Allied Signal Aerospace Company. His experience includes safety program development, safety training, and workers' compensation administration. Bob recently chaired the Division Plastics Committee where updated training was developed for the industry.

A graduate of Ferris State University with a B.A. degree in Occupational Safety and Health, and a member of the American Society of Safety Engineers, Bob offers a diversified background in safety training and consultation services.
